Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. WHAT IS A FYKE?

A FYKE IS A LONG BAG NET WITH FROM TWO to four hoops inside, with a funnel mouth through which the fish pass and cannot return. A wing from 5 to 15 feet long, extends from each side of the front hoop. The Fyke is used for taking fish in Sounds, Rivers, Lakes, Ponds, Creeks, &c., and is set so that it entirely obstructs the ground where the fish run, by which large numbers are taken. They are made of various sizes, and cost from $1 50 to $20. They are simply constructed, and easily managed, and often pay for themselves at the first setting. Every person living in a position where they can be used should have them. A large assortment, together with Seines, Castings, and Dip Nets, Seine Twine, Fishing Rods, Reels, Lines &c., are kept on hand, or made to order by JOHN J. BROWN, 103 Fulton street, N. Y.

OPPOSITION TO MONOPOLY.

Music at Greatly Reduced Rates.

NOTWITHSTANDING the combination of music dealers to keep up the prices of non copy-right music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the national Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superior toned 6¾ octave pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. INSURANCE OFFICES

WISCONSIN

Home Insurance Office,

No. 6 Kneeland's Block.

MILWAUKEE, WISCONSIN, MARCH 30, 1855

INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual Systems in one Company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 350 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Village, within a circle of 4 in rods diameter, which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected peremptorily by LOCATION THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of misfortune, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. DR. J. B. MARCHISI'S CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Female[s].

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites; CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.

Truly Yours,
WM. LAIRD HASLETT, M. D.

July 4th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. WHAT IS A FYKE?

A FYKE IS A LONG BAG NET WITH FROM TWO to four hoops inside, with a funnel mouth through which the fish pass and cannot return. A wing from 8 to 15 feet long, extends from each side of the front hoop. The Fyke is used for taking fish in Sounds, Rivers, Lakes, Ponds, Creeks, &c., and is set so that it can surpass the ground where the fish run, by which large numbers are taken. They are made of various sizes, and cost from $4 50 to $20. They are simply constructed, and easily managed, and often pay for themselves at the first setting. Every person living in a position where they can be used should have them. A large assortment, together with Seines, Castings, and Dip Nets, Seine Twine, Fishing Hooks, Reels, Lines &c., are kept on hand, or made to order by JOHN J. BROWN, 103 Fulton street, N. Y.

OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates.

NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copyright music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the national currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superior toned 6½ octave pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1,000, comprising those of ten different manufactories; among them the celebrated modern improved Horace Waters Pianos, and the first premium Æolian Pianos of T. Gilbert & Co's make, (owner of the Æolian patent.) Second-hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's Melodeons (tuned the equal temperament,) the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c. 12½ per cent. discount to clergymen and churches. All orders promptly attended to. INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 20th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 150 policies, and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old *Stock Companies*, among the most prominent of which are the Knickerbocker and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks, and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $2000 upon any one risk, in Villages, within a circle of 4 rods diameter, which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected [illegible] by [illegible] alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months* we have not had a *single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. DR. J. B. MARCHISI'S
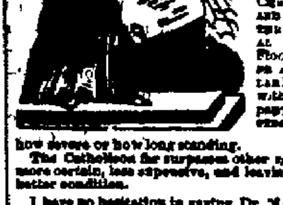
CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites; CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE OR Flooding; PAINFUL SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HARLEY, M. D.
July 8th, 1854 New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, April 23, 1855.

[illegible] more distant and Sebastopol more for[illegible] than ever, seems to be the sum and substance of the intelligence from Europe to-day, to the [illegible]. The approach of the milder weather [illegible] to be marked—so at least seems to me inevitable—by the total overthrow of the invading Allied Armies of the Crimea [illegible] barbarian (?) Russia over the whole force, skill, wealth, science and valour of the two foremost nations of Europe! What then? At [illegible] is yet to be raised—and long and bloody and revolutionary, in the widest sense [illegible] without excesses, may be the future [illegible] happily concealed from us. What the [illegible] have armament again despatched by England to the Baltic means, seems difficult to understand. All the accessible points of the [illegible] coast have been greatly strengthened since the [illegible] visit of Admiral Napier and his [illegible] last year—flying camps, numbering some 60,000 well-appointed soldiers, are [illegible] of transportation to whatever section of country may be menaced—and in the Baltic, as in the Black sea, at Cronstadt as at Sebastopol, Russia is stronger far and more [illegible] than when the contest began. What [illegible] disappointment and disgrace are to come of these new efforts, I do not see. Meantime the Imperial rulers of France are at this moment on a visit to the Royalty of England and Windsor Castle which has held and honored the [illegible] heroes of the Holy Alliance with Alexander of Russia at their head and from the [illegible] in which orders upon orders have in days past, proceeded for the overthrow of the Napoleon and for his close imprisonment [illegible] the Island of St. Helena—is now to [illegible] resound with revelry, in honor of [illegible] of his uncle and his [illegible] worse than this, in the present [illegible] exasperation in England, the [illegible] to bring in his suite and [illegible] the household of the Head of the [illegible] Jesuit chaplain. Truly John Bull's [illegible] will be complete when [illegible] Napoleon shall thus disregard and [illegible] all the [illegible] precedents and their popular sympathies.

But what of [illegible] interest to us, it may be asked, is there in all this? More than can be [illegible] a good deal, probably, than can be foreseen [illegible] by the farthest and wisest seers among us. If [illegible] wise and moderate counsels could [illegible] at Washington—if we could be content with the surpassing lot assigned to us—[illegible] and industry at home let events take their course—observing equal and exact justice to all and requiring and exacting no less from all—we should go on prospering in wealth, in strength, in population and in power, in spite of, may perhaps all the more rapidly, in some respects, by reason of the wars and calamities of other [illegible]. With [illegible] wars and calamities, and [illegible] their origin therein, we have had [illegible]. In their results then we may [illegible] benefit as we can, without [illegible] seeking to inflict wrong any [illegible]. But I am afraid of the spirit that prevails at Washington, and of the desperation of holding possession of power unless some new [illegible] such as war might present, can be got up.

Meantime one thing seems quite clear, as to the [illegible] and interest of such of our people as happily for themselves are farmers. Come what come may as to War or Peace for agricultural products of all kinds there must be a large demand in the coming year at least. At no recent period have the cereal stocks of the world been so low as now, nor prices of grain so high. An average crop only, this year, in the U. S. would almost produce famine prices. They are little short of that now indeed when Flour for family use costs 12 dollars a barrel, and Potatoes are cheap at two dollars a bushel. Hence nothing can be clearer, as it seems to me, than that every Farmer should put forth all his strength and means to increase his crops this year, sure as he is to reap a good return. But good farming upon present farms may do this more certainly than by taking in new purchases and imperfectly cultivating many acres with the help and the manure that on a smaller number, would do the work well. The earth is an exact and exacting partner. She pays back with full and willing interest all that is spent for her and upon her, and when more is exacted than a fair return for such investments and when she is expected to yield without receiving, she is sure to disappoint expectation. To your thriving farmers then I would say—lay yourselves out to the utmost that you can do thoroughly in producing grain and roots this year, in the assured confidence that there must be a large and remunerating demand for them and that come peace or more widely [illegible] War, there will be a short supply of the food which is indispensable to animal life.

Our Spring [illegible] set in—bright sun—warm atmosphere—a moist earth—and abundant promise of all that its teeming bosom nurses.

DEATH OF "CURRER BELL."—Charlotte Bronti known in the literary world under the name of *Currer Bell* and as the author of "Jane Eyre," "Shirley," and "Villette,"—is dead. She was the last survivor of three wonderful girls, the daughters of a clergyman who, now very aged and infirm, survives all his many children. The name Bronti (an abbreviation of Bronterro) is Irish, and very [illegible]. The mother died many years ago and [illegible] of her children. When the reading world began to have an interest in their existence there were three sisters and a brother living with their father at Haworth, near Keighley in Yorkshire—Charlotte, Emily, and Anne, ("Currer," "Ellis," and "Acton.")

LAKE WINNEBAGO.—The Oshkosh *Courier* says that the steamer *Peytona* arrives promptly from Fond du Lac every day at 10 A. M., and that the river boats depart at regular hours for their several destinations. It would be a convenience to travellers from this city north-westward, if they could have an opportunity to know the times and means of travel along the route from Fond du Lac, Oshkosh, Berlin, Green Bay, &c. Cannot somebody furnish us with such a table?

☞ The Cleveland *Leader* has received a letter from Warren, Trumbull Co. Ohio, dated April 12th, which says—"The present times are the worst we have ever known in this country.—Cows and cattle are dying by the hundred; six hundred head have died within the three adjoining counties for want of food. The weather is still dry and cold."

INDIANA BANKS.—The following Indiana Free Banks have failed to comply with the law, and will immediately be wound up:

Merchants' Bank at Lafayette, Merchants' Bank at Springfield, Green County Bank at Bloomfield, Government Stock Bank at Lafayette, Law Bank at Laurel, Bank of Connersville at Connersville, [illegible] of Indiana 5 per cent, Wabash Valley Bank at Logansport [illegible] of Indiana 5 per cent and Indiana 2½ per cent Stocks. Bank of T. Wadsworth of Marshall, at Michigan City, Bank of Rockport, at Rockport, consisting of Missouri 6 per cent. Stocks.

The Issue in Kansas.

The history of Kansas Territory thus far is known to the people. At a time, and in a manner, uncalled for, the project of organizing the *Territories was made.* It is known to have been done in deference to the wishes of the slavery-extension party. The old policy of this Government to restrict Slavery within its original limits had long before been abandoned, and a contrary policy pushed forward by the South, and yielded to by Northern demagogues. Numerous successes had led the Slave Power to believe that the North would yield as often as it was threatened with the pains and penalties of Dissolution, and so, at the lead, and by the aid of Northern men, the Missouri Compromise was broken down, and Kansas thrown open to Slavery.—People from the Free States left their former homes, and emigrated with their households and their flocks and herds to Kansas, to make them homes there, and to them, and all real inhabitants of the territory, belonged the right to vote for members of the Legislature. If they alone voted, how was Slavery to be allowed to enter the door which Congress had thrown open? It was felt that something must be done by the upholders of the "peculiar institution," in order to carry out their wishes; *and a vast conspiracy* was arranged by Senator Atchison, and *bands of men organized* and armed in the western Slave States, to go into Kansas on the day *of election,* and control the vote. The plot was deeply laid, thoroughly carried out, and entirely successful, and the real settlers of Kansas, to whom belonged the right of "squatter sovereignty," so much talked of, were overpowered by violence.

Now read what one of the most influential papers in the whole South says of the outrage.—The Charleston *Mercury,* in a long article upon the subject, says:

> "Let the whole South prepare to play her part as generously and manfully as our brethren in the West have opened theirs. Let us only follow up the contest with this spirit, and the field is indisputably ours. *All honor to the gallant Missouri slave-holders! All honor to the bold and earnest Achison, who has led off this manly work!*"

Such is the encouragement lent to the band of scoundrels who entered Kansas, with intent to defraud the people, resident there, of their rights and who did, by force, so defraud them! Read, now, the following extract from a speech of that notorious scamp, Stringfellow, a few days before the election, made at St. Joseph—this same Stringfellow being now a member elect of the Legislature, chosen by fraud, and "at the point of the bowie-knife and revolver!"

> "I tell you to mark every scoundrel among you that is the least tainted with free soilism or abolitionism, and exterminate him. Neither *give nor take quarter from* the d——d *rascals.* I propose to mark them in this house, and on the present occasion, so you may crush them out.—To those who have qualms of conscience as to violating laws, State or national, the time has come when such impositions must be disregarded, as your rights and property are in danger; and I advise you, one and all, to enter every election district in Kansas, in defiance of Reeder and his vile myrmidons, and vote at the point of the bowie-knife and revolver. Neither give nor take quarter, as our cause demands it. It is enough that the slaveholding interest wills it, from which there is no appeal. What right has Gov. Reeder to rule Missourians in Kansas?—His proclamation and prescribed oaths must be *repudiated.* It is your interest to do so. Mind that slavery is established where it is not prohibited."

Such is the character of one of the "gallant Missouri slave-holders," bespattered with praise by the Charleston *Mercury,* the organ of the chivalry of South Carolina; and such the natural consequence of the violation of the Missouri Compromise by Pierce and Douglas and their abettors.

Still—despite of all this bravado, and violence, and outrage, and, it may be, bloodshed, KANSAS MUST AND SHALL BE FREE. From all the free states, stout-hearted men are speeding along the various iron ways, and by the steamboat routes and pushing across the prairies with their household goods, to make them homes in the Territory, and to become *legal voters, and to vote for Freedom.* When the next election comes, there will be a sufficient number of *friends of Freedom* in the Territory to take care of themselves. And, besides this, Kansas can never come into the Union as a Slave State, by consent of Congress. See if it does.

A SPECIFICATION.—The Madison *Democrat* having, with its accustomed *effrontery, denied* the charge of "favoritism" in the disbursements of the State Treasurer, the Appleton *Crescent,* a democratic paper, thus meets the denial with specifications of the charge:

> The *Argus* cannot upset facts by mere denials. Those members of the State Legislature who voted to cover up the delinquencies in the School Land Bureau, &c., were paid; while those who, like P. H. Smith, Wakely, Loy, &c., &c., were determined to expose and put a stop to official corruption, were not paid. Does the *Argus* wish us to *be more explicit?* Very many County Treasurers sent on remittances due from their counties to the State—to their members, to be paid into the Treasurers office. Those members who were considered "all right," or rotten enough to sustain anything asked for, were allowed to deduct the amount of their per diem and mileage, and hand in the State Scrip in which they were paid. But the Assistant State Treasurer, who appears to be "boss and all hands" in the Department to which he is attached, utterly refuse! to permit anything of the kind to be done by those members who would not sacrifice oaths and integrity at the bidding of the Vultures!

RISE OF PROPERTY—SALES.—P. V. Brown a *few days since, sold* to A. F. *Cady his house* and lot on second street, for the sum of $2,000, and two lots on Third street to Dr. Spalding for $900. This property Mr. Brown offered about the first of November last for $1600, the house and lot at $1000, and the two lots at $600.—Rise on $1600 worth of property $1,300, being 80 per cent in less than six months.—[Watertown Chronicle.

No small share of this rapid rise in the value of Watertown Real Estate is directly due to the Milwaukee and Watertown Rail Road, now rapidly approaching the latter point. Do our Watertown friends think that they have yet done *their* share towards bringing this road to their doors and extending it westward?

☞ Rev. Dr. Oncken, the Baptist Missionary in Germany, writes to the American and Foreign Bible Society, that he and his associates have circulated 81,000 copies of the Bible during the past year.

☞ There are about 2,500,000 children in the United States in attendance upon Sabbath Schools, and of this number 550,000 are under the care of the Methodist Episcopal Church. In the Baltimore conference about 44,000 children are every Sabbath instructed in this portion of the Church.

WELL DONE.—Most of the citizens of Chicago who acted as special policemen during the late riots have requested that the money due them shall be placed to the credit of Hunt, the policeman whose arm has been amputated.

☞ The Million Loan of the State of N. Carolina, the bids for which were opened in New York on the 16th inst., were taken at par, with a few lots at a small premium.

☞ *The axe factory of the Collins Company,* Collinsville, Conn., is the largest establishment *of the kind in the world.* They have the facilities for manufacturing 2500 axes and kindred *tools a day, and employ several hundred men.*

NEW YORK PUBLIC SCHOOLS.—The annual examination of the public schools of New York city has just been concluded. In these schools over 130,000 children are now receiving instruction.

GREEN BAY.—We learn *from* the passengers who left Green Bay, on Tuesday last, that the ice has all disappeared *from* that vicinity and that the Lake navigation was free and unobstructed.

☞ Orr, (*alias* "the Angel Gabriel") has got in trouble, at Greenock, Scotland. Sent to prison for sixty days. His *friends,* (2,000 *strong*) tried to rescue him, but did not succeed.

By the Nashville.

The late Contest for the Rifle Pits, before Sebastopol.

SEBASTOPOL—SANGUINARY BATTLES.

Since the date of previous advices, there has been a series of fierce sorties and assaults between the Russians and French, for possession of the rifle ambuscades in front of the French position and under the Malakoff tower. The rifle-pits, which have led to so considerable a sacrifice of life, *are placed in front* and to the *right* and left of the tower, and are about six hundred yards from the allied works. They are merely excavations in the ground, faced round with sand-bags, and banked with earth, loop-holed for rifles.—They are six in number, and each contains ten men—sixty in all.

Gen. Bosquet considers it a point of honor to take *and hold or destroy* these ambuscades. He has several times, by night assaults, driven out the Russians, but as the pits are covered by the fire of the city batteries, the French have hitherto found it impossible either to destroy or hold them. The importance of this position to both besiegers and besieged, is very great.

The Malakoff round tower is regarded as the key of the defenses, and hence the energy of the Russians in strengthening it. Considerably in advance of the tower is the elevated mound or hill now called the "mansion," on which the besieged are erecting a battery of great strength. A little further in advance is the eminence recently seized so skilfully by the Russians, and fortified with earth-works. It is now crowned by a square redoubt, with sixteen guns visible on its three outward sides, but they have not yet opened fire.—Outside these defenses are the rifle-pits. The Russian batteries at Inkermann, their *forts* on the other side of the Chernaya, and the works of Malakoff cover this redoubt, and converge on the approaches in front of it. This explanation will convey an idea of the strength of the position which the French nightly contest.

From the 13th to the 23d of March there had been almost constant series of bloody encounters, mostly at night. One of the most sanguinary occurred on the night of the 17th. At 6½ o'clock in the evening, the French, who had retired before the fire from the batteries, marched down to reoccupy the ambuscades, but found the Russians had anticipated them. A fierce conflict immediately commenced, but it was evident the Russians were in strong force, and the French were again and again borne back by the weight of fire. For four hours and a half they persevered in their attempts, and all that time a continuous roll of musketry rang out, broken only by brief pauses in the advance. In these lulls the British could distinctly hear the voices of the French officers cheering on their men—"*En avant, mes enfans!*" "*En avant, Zouaves!*" and the tramp of feet and the *rush of men followed; then a roll of musketry* was heard, diminishing in volume to rapid file-fighting—than a Russian cheer—then more musketry—a few dropping shots—and the voices of the officers once more. The Zouaves bore the brunt of the fight, and the action was somewhat peculiar, as artillery took no part in it. The British second, third, fourth, and light divisons were told off *for action, and the entire British* camp remained under arms until the French desisted from their attack, but as the gallant French make it a point of honor to take those pits without aid, no assistance was offered. The French were 5,000 strong, and they state their loss at 150 killed and wounded, beside a few prisoners.

MINERAL POINT RAIL ROAD COMPANY.—The President of this Company has recently returned from New York. He has made a contract which is entirely *satisfactory with the Illinois Central,* and Galena & Chicago R. R. Cos., for an extension of the time limited by the contract with those Companies for the completion of the Road, so that their guaranty of a *net income* of eight per cent. on the cost of the road is still secure to the Company, and will continue so if the road is finished by January 1857. The debt of the Company has also been extended until *March of next year,* and arrangements have been made by which all the outstanding bonds of the County and the Company can be taken up at a very low figure.

A proposition has also been made which will secure the completion of the Road during the present, if the Company can add to their available means $100,000 of Bonds of the Towns interested in the construction of the Road.—[Mineral Pt Tribune.

PRAIRIE DU CHIEN EXPORTS.—The Warehouse at the landing is full of wheat, corn, oats, potatoes, &c., a lot of which will go below on the *Lyons,* in a day or two. The proposition to build this house was opposed by some, now it is conceded by all to be the best investment for the public benefit of any ever undertaken, in this place. The amount of produce to be shipped this year, and what has already gone, will exceed double that of last year. If it exceeds in proportion yearly, new warehouses will have to be erected. We hope to be able, at the close of navigation, to be able to chronicle the amount of exports, and imports, at this point, in dollars and cents, to do which, shippers and receivers will do well to keep an exact account of all passing through their hands. There is no surer indication of the prospect of our country than a correct exhibit in this respect.—[Courier.

JAIL OCCUPIED.—For the first time during the past five months, has the Iowa County Jail an occupant. On Sunday morning last a Mr. Fitzgerald, who had been tried, convicted and sentenced in LaFayette County, for the killing of a Mr. Ormond, at Shullsburg, was placed under the care of Deputy Sheriff Healy, for safe keeping, until he can be removed to Waupun, where he is to remain for four years, for the crime of manslaughter.

This is the first time for near six months that there has been a prisoner confined in Iowa county jail, and *this one, it will be seen, is not a citizen* of the county. We presume few counties in the State can say as much.—[Mineral Point Tribune.

OVERDONE.—The circular, issued from the Reporter office, on the eve of the judicial election, representing Judge Crawford as opposed to the Fugitive Slave Law, and as having given the strongest opinion in favor of Ryecraft and Booth, and appealing to the friends of freedom to support *him at the polls,* proved to be a little too big a dose for even the democracy to gulp down. We are advised that "it is true, and no joke," that in one of the towns of our county, some forty democrats voted for Cole, who, but for the circular, would have voted for Crawford, declaring that the document was "*a little too steep.*"—[Elkhorn Ind.

BUILDING.—The clatter of industry is heard throughout our village "from early dawn to dusky eve," and the number of buildings now in process of completion was never before equalled.—Quite a number of very respectable looking dwellings have just been erected on what is termed "Rose & Farrington's addition to the village of Beaver Dam." and new frames are being put in in every direction almost every day.—[Beaver Dam Rep.

☞ Some idea of the rapid settlement of this county may be seen in the transactions of the Register's office. We are informed by Mr. White, the County Register, that the business of the office is such that he has to employ three writers, and the *business accumulates so that* he will add the fourth immediately. Strangers are flocking in, and purchasing real estate continually. Before we are aware of it this will be considered an old settled country and its broad acres all under cultivation.—[Fond du Lac Freeman.

☞ The steamer Galena, than which no better boat *ploughs the waters of this* upper country, came up on Sunday last, crowded with passengers. She had over six-hundred passengers on when she left Galena, and among them were *fifty-five* babies in the ladies' cabin. Old bachelors, we apprehend, kept the forward part of the boat. The War Eagle also came up Tuesday last with a crowd of passengers. A large number made La Crosse *their stopping place. We think* La Crosse gets her share.—[La Crosse Republican.

A BURGLAR SHOT.—A Beloit *correspondent* says that a young man of the name of Edward Palmer was shot dead about five miles west of that place, on the night of the 23d inst., while attempting a burglary in the house of one Martin. He entered Mr. Martin's sleeping apartment through the window. Mr. M. had a gun by his bed-side, and shot the intruder through the head. A pistol and instruments for *forcing* locks were found upon his person.—[Madison Journal.

BIG FISH.—*On Friday last,* Mr. Hiram Higley sold in this village 5 pickerel, that weighed 131 lbs. They were speared by him in Fox River, near here. The largest one weighed 37 *lbs.*—[Waukesha Plaindealer.

BIGGER.—Since writing the above, Mr. Levi Aldrich has shown us two pickerel caught by him—one weighing 44 lbs., and the other 37 lbs—[Waukesha Plaindealer.

THE CROPS.—From all quarters, the most favorable and encouraging reports reach us concerning the crops now in the ground. As far as we can learn *after frequent* and diligent enquiry the wheat never looked fairer or gave promise of a greater yield in all this region of country. Large quantities were sown last fall, and farmers are busily engaged in preparing the ground for more, to be put in as soon as it is possible to do it.—[Watertown Democrat.

☞ Steamboats are now passing here at an average rate of—say half-a dozen a day. Every boat swarms with passengers and is loaded to the guards with freight. The number of strangers landed here is so great that we can hardly see any body that we know in the streets.—[Prairie du Chien Courier.

☞ A *long* train of freight cars left the Central Railroad depot for Chicago, yesterday morning, with seventy-two horses, wagons, and their owners. They belonged to people emigrating from the eastern States.—[Detroit Free Press.

POLICE COURT.—April 27.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

The case of the State vs. John Saragnow, for sureties to keep the peace was settled without a trial, and the costs paid.

A boy named Jacob Manfel, plead guilty to an assault and battery upon William Kleffler on the 26th April. The parties were both employed in Birchard's furniture establishment and some words took place; the defendant was irritated and struck the complainant. He expressed sorrow; it was the first time he'd had any difficulty with the complainant or any body else. The Court fined him $5,00, adding the usual remark, "it is the lowest fine I can inflict;" the fine and costs amounted to $6,68. In this case we have no doubt had the power been in the *discretion of* the court to inflict what fine he thought the *justice of the case required, he would have so in*flicted the fine that costs and all would have amounted to perhaps $3,00; *ample punishment for* the trivial offense committed; but the hands of a Magistrate of unlimited experience are tied; he cannot fine less than $5,00. In no other city in the Union does this state of things exist; elsewhere, a magistrate is permitted, as permitted he should be, to use a sound discretion in the amount of fine inflicted from $1 to $50.

Two men named Thomas Hanley and P. H. Leonard, were brought down from jail by Constable Ryan, to be tried for breaking windows in the New York House, East Water st., on Thursday night. On application of the defendants the case was adjourned to this morning at 9 o'clock.

Arrest for Larceny—Recovery of $800 of the Stolen Money.

A young man, named George Bryant, was arrested on Thursday by under Sheriff BECK, for stealing money from his employer, Samuel Morse, on the corner of Spring and West Water Streets Bryant had been clerk for Morse for four years, and until lately, without the slightest suspicion against his honesty. Mr. Morse became satisfied that he was robbed by some person, but by whom he could not tell. He applied to officer Beck, who at once told him he could detect the thief if his directions should be followed, and at the same time intimated, his suspicions against Bryant, from his expensive manner of living.

The plan of the officer was followed, the thief detected, and the stolen money found upon his person. Since his arrest he has acknowledged stealing from $1,700 to $2,000. The officer recovered $796, which Bryant admits to belong to his employers, a certificate of deposit of $500 in the W. M. & F. Ins. Bank, $200 at the prisoner's house, and between $70 and $80 on his person. In addition to this, the prisoner has *purchased a farm in the Town of Menomonee* for $800, which is not quite paid for. He confesses to all, and is willing to give all back and seems to conceal nothing; he is a married man with one child.

Here is another case of fast living, drinking and swelling about the streets on money stolen from employers. This young man is caught but there may be many in this city who are equally as guilty and who unless reformation takes place will yet be in like disgraceful situation. No one conversant with human nature and possessed of ordinary powers of observation but can see in an hour's walk in an evening that the hundreds of dollars spent by mere boys in this city every night, are the stolen proceeds of the tills of their employers. For how else can young men, or boys, spend one, two, and three dollars per night, when their salary is but $1,50 per day?

It seems that this young man has abstracted on some days $15, and on other days $20, from the till of his employer—but from the time he has been in the employ of *Mr. Morse,* he must have stolen at the rate of one dollar and fifty cents every day *for four years to make* up the amount he has confessed to have stolen. An incident of this kind furnishes the key to many a merchant's bankruptcy and failure.

City Improvements—New Buildings.

We were much interested yesterday *in* examining in the office of MYGATT & SCHMIDTNER Achitects the plans of numerous stores and dwellings for superior class, which are to be erected this season. Some of them are already well on towords completion, and we shall have occasion soon to notice others for which plans are not yet drawn. Among those which we saw are the following:

A Dwelling house *for* D. NEWHALL, to be erected at the corner of Division and Cass Sts The main portion of the building is about 50 ft square, three stories in height, of a very tasteful *style of architecture, built of the white stone from* Joliet, Ill., at a cost of $20,000.

A *dwelling-house for* J. LOCKWOOD, to be built on a beautiful site at the North Point, overlooking the bay and city; materials brick and iron, and to cost $20,000.

A dwelling house for G. W. PECKHAM, on Cass St., between Division and Martin Sts, 28 by 60 *ft,* at a cost of $6000.

A dwelling house for W. B. HIBBARD, on Oneida St., we believe, of handsome style, at $8000

Two stores, on East Water St. 38 by 100 *feet* and 4 stories high, front of Joliet stone, to cost $10,000.

A store for J. & J. L. BURNHAM, near the corner of East Water and Buffalo sts, 20 by 125 f and four stories high, of brick and iron, to cost $5,000. A store for ATHEARN & Co., next to the last mentioned, and of the same dimensions and materials, to cost $7000.

A store for SEXTON & BRO., East Water St. next below NAZRO'S, 20 by 100 *ft.* 4 *stories, marble front,* to cost $6000.

Two stores for SCHWARTING & HILGEN, on Market Square, 40 by 80 *ft.* marble front, to cost $10,000.

An addition to Concert Hall, Spring St. presenting a handsome front towards the east, to cost $3000.

Also two stores, nearly completed, for Messrs SHOYER and SILKMAN, East Water St., costing $6000 each.

This is the present "stock in hand" at the office of *one* firm of architects. In addition, we hear of many other buildings going up in various directions, but cannot speak positively as to their dimensions or cost.

We again invite the attention of architects and those who are about to build, and particularly those who expect to send in proposals for the U. S. Custom House, the plans of which will be here soon, to the Green Bay stone which we mentioned recently. We hope that some large samples of it will be received in the city shortly; meantime Mr. MYGATT will give information in relation to it. It certainly is a much finer and more beautiful stone than either the Madison or Joliet stone, and ought to be afforded cheaper than either of them, from the ease with which it can be obtained at the quarry.

THE PANORAMA.—To-day there are two exhibitions of the Panorama, in the afternoon and evening. We are requested to say that Arthur McKnight will address the scholars of the Public Schools who may be present, during the interval of shifting of the scenes.

We are sure that we are doing every one of our readers a favor when we recommend that they do not allow this fine painting to be taken away from this city without their seeing it. Its views of the harbors,—beautiful marine scenery—its sail up the river Mersey and view of Liverpool—its smooth gliding down the Thames, beneath the arches of the bridges, with views of the magnificent buildings which line its banks—and the sunlight, moonlight, and festal lighted voyage up and down *the Rhine*—comprise a series of pictures of that which not one in a thousand of us will see in reality.

THE COASTING TRADE.—The coasting trade between this city and Chicago is increasing very rapidly, and several tight little schooners are making a harvest of it. They take from here potatoes, barley malt, brick, lime &c, and return with sugar, molasses, oil and merchandize which arrives at Chicago by railroad and canal for our merchants.

The schooner *John Lillie* took on yesterday for Chicago 2000 bus potatoes, 560 sacks barley malt, and 1200 staves

BOARD OF TRADE.—A special meeting of the Board of Trade will be held at their rooms in Furlong's Block to-day at 12 o'clock M. Business of importance will be brought before the meeting. Punctual attendance is requested.

ARREST.—Two young fellows, were arrested on Thursday night and taken to jail by Constable Ryan, for breaking the windows of the New York House, on East Water Street.

Two men were also arrested by the same officer, charged as vagrants.

☞ Mr. JOHN C. VAUGHN, the accomplished editor of the Cleveland *Leader,* arrived in our *city yesterday afternoon, and took lodging* at the Walker House.

REAL ESTATE SALE.—Mr. Quentin sold yesterday lot 2, block 198, Rogers' Addition, First Ward, for the sum of $4,500.

☞ WILSON has Putnam for May—a capital number of this sterling magazine.

Meeting of the Journeymen Carpenters.

A meeting was held on Wednesday evening, April 25th, pursuant to a call posted up on Monday evening, *inviting the Journeymen Carpenters of the City of Milwaukee* to convene at the Hall of Best & Co., in order to devise plans for increasing the rates of wages—the present wages being considered inadequate to the increased cost of living. The meeting being called to order, Mr. T. B. KEMP was unanimously chosen President, and C. G. AYRES was appointed Secretary.

A motion was made and seconded that a committee of five or more be appointed by the Chair to draft proper Resolutions for the meeting; whereupon the Chair appointed Messrs. Bates, Davis, Webster, McCollock, Hargreaves, Wiley, Anderson and Juneau, said Committee.—After a short recess the Committee reported the following Resolutions:

Resolved, That an increase of 25 cents per *day over last year's wages* be demanded—the standing wages of last year for average mechanics being 13 shillings per day—thus making the wages of this year 15 shillings per day.

Resolved, That this Resolution take effect on Monday, the 30th of April, 1855.

Resolved, That these Resolutions be adopted by all the carpenters of the city.

Resolved, That the proceedings of this meeting be published in the daily papers of the city.

A collection was then taken up to defray expenses, and the meeting adjourned *sine die.*

T. B. KEMP, Ch'n.
C. G. AYRES, Sec'y.

A Nuisance to be Abated.

MESSRS. EDITORS:—Can you or any one inform the public, what we must do to protect our gardens during the season from the ravages of street swine? They infest every part of the city, and are a nuisance much more to be dreaded than hogs. No gate can keep the *regularly trained* hog out of your yard, "for when deep sleep falleth on men" the hog worries at your gate, with untiring assiduity, and skill enough almost to pick a lock, and generally *succeeds* in forcing an entrance. You can imagine the rest; sweet corn in the silk and other delicacies pay well for the feat. Why have we not a public pound *for* all street grunters? Can any one answer?

PRO BONO PUBLICO.

April 26

ADVANTAGES OF BEING DRUNK.—A gentleman who arrived in town last night from the West informed us, that as the afternoon train of the Mil. and Miss. R. R. was going West, and when about midway between North Prairie and Eagle Stations, the Engineer observed a man lying on the middle of the track, but not in time to stop the train. The cow-catcher caught the man—a German—who was dead drunk, and threw him several feet on one side of the track. On the Engineer going to him he was found uninjured, was taken to Eagle and laid on the platform of the station, where he was left. Our informant tells us that the man says—"Barstow he goot fellow."

☞ The *True American* is the title of a new paper of the Know-Nothing stripe that has just appeared in this place, published by J. A. Somerby & Co. It is the first of the kind in the State, we believe; and we doubt very much whether public sentiment here warrants the establishment of such a paper. Wisconsin has now the the reputation of the freest, and most liberal State perhaps in the Union. Know-Nothingism is proscriptive and intolerant. It is adverse to freedom of thought and opinion, and we do not think the people of Wisconsin will countenance anything of the kind. We shall see.—[Madison Journal.

The *True American* has reached us. It is good looking, but we think the proprietors have mistaken the feeling of the people of Wisconsin. It is true and faithful Republicanism, not jesuitism or religious proscrition, that they want, just now.

COMMERCIAL,

THE MARKETS.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, April 28, 1855.

RECEIVED BY M. & M. RAILROAD, APRIL 27TH—310 bbls flour, 896 bus wheat, 705 do oats, 105 do corn, 90 do barley, 2 bbls eggs.

BY M. & W. R. R.—79 bbls flour, 307 bus wheat, 270 do potatoes, 42 do rye, 6 do beans, 5 bbls eggs, 200 lbs. hides, 10 bbls oil, 3 bales hops.

Quiet market yesterday, but prices pretty well maintained. We notice a sale of 2000 bbls No. 1 flour, at $8,25, showing a feeling somewhat in favor of buyers.

Wheat sold in small parcels at $1,58@1,63 for Spring and $1,69@1,75 for fair to choice Winter.

Barley $1,02@1,05.
Rye 91@95.
Oats 50@55.
Corn 82@84.
Potatoes 80@85. Shipped, about 2000 bus.

FREIGHTS.—Propeller *Queen of the Lakes* is taking on, at Layton & Plankinton's, 1400 bbls pork for Buffalo, at $12 ℔ ton. She takes a full cargo here. Propeller *Nile* takes on 500 bbls flour at Nichols & Britt's, besides some lots at other houses, and 1300 bbls at Port Washington.—Propeller *Ogdensburg* takes a full cargo of flour and provisions for Ogdensburg, contracted through to Boston at 1,40 *for flour,* and $15 ℔ ton for pork.

SCARCITY OF CORN IN KENTUCKY.—So much inconvenience, if not absolute suffering, is experienced in certain portions of Kentucky, in consequence of the scarcity of corn, that steps have been taken by the authorities of some counties to mitigate the evil. The Madison *Courier* of a recent date says:

> "The county authorities of Carroll and Trimble, in Kentucky, have sent agents out to purchase corn, which is to be sold at cost to persons able to pay for it, and on credit to those who are unable to pay now. Trimble county has two depots on the river, one at Garrett's landing, the other at Milton. Yesterday five hundred bushels, the first arrival, was divided out in lots, none to exceed fifteen bushels to one person. The scene yesterday at Milton was lively, the town being crowded with people."

POTATOES FROM NOVA SCOTIA.—Fifty thousand bushel, of potatoes are on their way to the New York market from Nova Scotia, under the reciprocity law. The crop of potatoes in Nova Scotia last year was very large. Free trade has within a few weeks opened this market to consumers, and the chances are that a liberal supply will come forward, under the present high prices.

From the St. Louis Republican, April 24th.

COMMERCIAL.

Advices from New Orleans of the 19th and 20th are the latest received. The first dispatch quotes corn at 95c, oats 60c; superfine flour, $10 25, ribbed sides 9c. The last, fair sugars at 5¾, coffee 10½ to 10¾, Rice 7c. Future prices will likely show an advance of 1 4 to 1-2c. It is generally conceded that much higher rates are likely to rule before the close of the season.

Receipts of grain and other products during Sunday and yesterday were heavy. On Sunday 6551 sks wheat, 14,268 do corn, 8,375 do oats, 518 bbls flour, 419 do whisky 485 casks bacon, 670 bbls pork, 643 tcs lard, and 677 bbls and 87 kegs do. Yesterday, the steamer St. Croix arrived from the Illinois, with thirteen barges in tow, bringing 14,500 bushels and 1360 sks of wheat, 30,704 bushels and 610 sks corn, 6000 bushels and 6160 sks oats, 450 bushels beans, and 3 tons hides, besides an immense amount of lumber—these boats were from Chicago, Peoria and Lacon.

Flour—transactions continue limited. City manufacturers have still heavy contracts to meet, some as low as $7,62½ per bbl. They have, however, the grain at sufficiently low prices, contracted for at an early day, not only to insure them against loss, but to present a very remunerative profit. We notice yesterday a sale of 1000 bbls city superfine (Myrtle Street,) at $9, deliverable *in* ten and fifteen days.—Small lots of country superfine at $9 to $9,25, and extra $10,25. The New Orleans *market for breadstuffs appears to be* most admirably sustained.

On 'Change yesterday the range of wheat was as follows:—Spring 160 to 162½c, spring and fall Mixed 165 to to 170c, fall 162½ to 232c, the first inferior, the last for prime; fair to good lots brought 180 to 210c. Several lots were taken by outsiders, showing that a demand still *exists from abroad,* and this market is relied upon, to a considerable extent, for the necessary supply. It is hardly probable the deficiency will prove as great as many, not a great while ago, anticipated. So far, receipts can well compare with former years.

About the middle of last week freights were considerably enhanced, and on no article was this enhancement more depressing than that of corn. The advance covered the entire margin exhibited by the quotations of this and the New Orleans market, and shippers, as a matter of course, stood off. Yesterday the market revived, however, and our report shows operations to the amount of 10,000 to 12,000 sks. The ruling figures were 75c for mixed and yellow, with some 2,000 to 3,000 sacks at from 77 to 80c, yellow *to white.* Oats range from 53 *to* 55, according to the quality of sacks.

A better supply of bacon than usual threw a slight dullness over the market on yesterday. The principal transactions, (130 casks) was on private terms. We quote shoulders at 6¾ to 6¾c, clear side 9¼c., ribbed 7¾ to 8c., plain hams 8 to 8½c Prime lard, at points above, held at 9c. In bulk pork we have a lot of 1,863 prime shoulders, from Levee, at 5¾c., and 1,273 hams, long trimmed, at 7¾c—mess pork hardly as buoyant, and small lots disposed of at $15,75 and $16.

Minor articles continue at the closing rates of the past week. Hay at $1,75 to $1,80 per 100 lbs., with improved receipts—white beans $3, and potatoes $1,50 per bushel.

The New Orleans *Delta,* of the 17th, gives the following interesting item of commercial news:

> "Yesterday was, perhaps, the *most active* day in Western produce that has been noticed in our commercial records this season. As a sample, we may mention that some 45,000 bushels of corn were sold on the Levee, chiefly at $1 per bushel; nearly 4 000 bbls mess pork at $16 to $16,50 per bbl; 550,000 lbs bulk meat at 7¾c. for hog round, and 4,600 kegs choice lard (in one lot) at 11½c per lb.

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market-st., Missouri, aged 48, about two years ago was thrown on a bed of sickness *for several weeks.* Her arms and legs were much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis Mr. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females *with obstructions in their health* entering into womanhood.

THE MEXICAN MUSTANG LINIMENT.—That has been creating so much excitement in the West and South, by curing all the old, as well as new sores on man and beast, has at last got among us. It is said to have no equal in curing rheumatism. It will create great excitement among the doctors, as it is said to be a perfect remedy, and will cure all their rheumatic, scrofulous, and leprous patients Livery Stable Keepers as well as farmers, farmers and all those using horses, will use it, as it is represented as being a sure cure for spavins, ring bones, splints, swellings, sprains, poll evil's, fistulas, scratches, saddle or collar galls, &c. We are told that a man in Illinois is going about the country buying up all the crippled horses he can find, and healing their sores, and curing them with the Mustang Liniment, and then selling them again; and he makes money by it. We advise all those suffering from sores or pains of any kind to try it. See advertisement in another column.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, April 23, 1855.

[illegible] distant and Sebastopol more formidable than ever, seems to be the sum and substance of the intelligence from Europe to-day, to the [illegible]. The approach of the milder weather [illegible] to be marked—so at least seems [illegible]—by the total overthrow of the invading Allied Armies of the Crimea, [illegible] barbarian (?), Russia over the whole force, skill, wealth, science and valour of the two foremost nations of Europe! What then? [illegible] the curtain is yet to be raised—and [illegible] and revolutionary, in the widest sense [illegible] without excesses, may be the future [illegible] happily concealed from us. What [illegible] again despatched by [illegible] to the Baltic means, seems difficult to understand. All the accessible points of the [illegible] have been greatly strengthened since the [illegible] visit of Admiral Napier and [illegible] last year—flying camps, numbering some 60,000 well-appointed soldiers, are [illegible] of transportation to whatever section of country may be menaced—and in the Baltic, as in the Black Sea, at Cronstadt as at Sebastopol, Russia is stronger far and more [illegible] than when the contest began. What [illegible] disappointment and disgrace are to come of these new efforts, I do not see. Meantime the Imperial rulers of France are at this moment [illegible] visit to the Royalty of England and Windsor Castle, which have [illegible] and honored the [illegible] and heroes of the Holy Alliance with [illegible] at their head and from the [illegible] which orders upon orders have [illegible] days past, proceeded for the overthrow of the Napoleon, and for his close imprisonment [illegible] the Island of St. Helena—is now [illegible] and resound with revelry, in honor of [illegible] of his uncle and his plebeian [illegible] worse than this, in the present state of [illegible] exasperation in England, [illegible] to bring in his suite [illegible] the household of the Head of [illegible] Jesuit chaplain. Truly John Bull's [illegible] will be complete when [illegible] shall thus disregard and [illegible] all the [illegible] precedents and their popular sympathies.

But what of [illegible] interest to us, it may be asked, is there in all this? More than can be [illegible] a good deal, probably, than can be [illegible] by the earliest and wisest seers among us. If [illegible] wise and moderate counsels could [illegible] at Washington—if we could be content with the surpassing lot assigned to us—[illegible] industry at home let events take their course—observing equal and exact justice to all and requiring and exacting no less from all—we [illegible] go on prospering in wealth, in strength, in population and in power, in spite of, may perhaps all the more rapidly, in some respects, by reason of the wars and calamities of other [illegible]. With [illegible] wars and calamities, and [illegible] thereof we have had no concern. [illegible] their results then we may [illegible] benefit as we can, without [illegible] to inflict wrong any [illegible]. But I am afraid of the spirit that prevails at Washington, and of the desire of holding possession of power unless some new issue such as war might present, can be got up.

Meantime one thing seems quite clear, as to the [illegible] of our people as happily for themselves are farmers. Come what come may as to War or Peace, for agricultural products of all kinds there must be a large demand in the coming year at least. At no recent period have the cereal stocks of the world been so low as now, nor prices of grain so high. An average crop only this year, in the U. S. would almost produce famine prices. They are little short of that now indeed when Flour for family use costs 12 dollars a barrel, and Potatoes are cheap at two dollars a bushel. Hence nothing can be clearer, as it seems to me, than that every Farmer should put forth all his strength and means to increase his crops this year, sure as he is to reap a good return. But good farming upon present farms may do this more certainly than by [illegible] in new purchases and imperfectly cultivating many acres with the help and the manure that on a smaller number, would do the work well. The earth is an exact and exacting partner. She pays back with full and willing interest all that is spent for her and upon her, and when more is exacted than a fair return for such investments and when she is expected to yield without receiving, she is sure to disappoint expectation. To your thriving farmers then I would say—lay yourselves out to the utmost that you can do *thoroughly* in producing grain and roots this year, in the assured confidence that there must be a large and remunerating demand for them and that come peace or more widely extended War, there will be a short supply of the food which is indispensable to animal life.

Our Spring seems set in—bright sun—warm atmosphere—a moist earth—and abundant promise of all that its teeming bosom nurses.

DEATH OF "CURRER BELL."—Charlotte Bronti known in the literary world under the name of *Currer Bell* and as the author of "Jane Eyre," "Shirley," and "Villette,"—is dead. She was the last survivor of three wonderful girls, the daughters of a clergyman who, now very aged and infirm, survives all his many children. The name Bronti, (an abbreviation of Bronterro) is Irish and very [illegible]. The mother died many years ago and several of her children. When the reading world began to have an interest in their existence there were three sisters and a brother living with their father at Haworth, near Keighley in Yorkshire—Charlotte, Emily, and Anne ("Currer," "Ellis," and "Acton.")

LAKE WINNEBAGO.—The Oshkosh *Courier* says that the steamer *Peytona* arrives promptly from Fond du Lac every day at 10 A. M., and that the river boats depart at regular hours for their several destinations. It would be a convenience to travellers from this city north-westward, if they could have an opportunity to know the times and means of travel along the route hence to Fond du Lac, Oshkosh, Berlin, Green Bay, &c. Cannot somebody furnish us with such a table?

☞ The Cleveland *Leader* has received a letter from Warren, Trumbull Co. Ohio, dated April 12, which says—"The present times are the worst we have ever known in this country.—Cows and cattle are dying by the hundred; six hundred head [illegible] within the three adjoining counties [illegible] for want of food. The weather is still dry and cold."

INDIANA BANKS.—The following Indiana Free Banks have failed to comply with the law, and will immediately be wound up:

Merchants' Bank at Lafayette, Merchants' Bank at Springfield, Green County Bank at Bloomfield, Government Stock Bank at Lafayette, Laurel Bank at Laurel, Bank of Connersville at Connersville, all consisting of Indiana 5 per cents; Wabash Valley Bank at Logansport consisting of Indiana 5 per cent and Indiana 2½ per cent Stocks. Bank of T. Wadsworth of Hartford, at Michigan City, Bank of Rockport at Rockport, consisting of Missouri 6 per cent. Stocks.

The Issue in Kansas.

The history of Kansas Territory thus far is known to the people. At a time, and in a manner, uncalled for, the project of organizing the *Territories was made.* It is known to have been done in deference to the wishes of the slavery-*extension* party. The old policy of this Government to restrict Slavery within its original limits had long before been abandoned, and a contrary policy pushed forward by the South, and yielded to by Northern demagogues. Numerous successes had led the Slave Power to believe that the North would yield as often as it was threatened with the pains and penalties of Dissolution, and so, at the lead, and by the aid of Northern men, the Missouri Compromise was broken down, and Kansas thrown open to Slavery.—People from the Free States left their former homes, and emigrated with their households and their flocks and herds to Kansas, to make them homes there, and to them, and all real inhabitants of the territory, belonged the right to vote for members of the Legislature. If they alone voted, how was Slavery to be allowed to enter the door which Congress had thrown open? It was felt that something must be done by the upholders of the "peculiar institution," in order to carry out their wishes; and a vast conspiracy was arranged by Senator Atchison, and *bands of men organized* and armed in the western Slave States, to go into Kansas on the day *of election*, and control the vote. The plot was deeply laid, thoroughly carried out, and entirely successful, and the real settlers of Kansas, to whom belonged the right of "squatter sovereignty," so much talked of, were overpowered by violence.

Now read what one of the most influential papers in the whole South says of the outrage.—The Charleston *Mercury*, in a long article upon the subject, says:

"Let the whole South prepare to play her part as generously and manfully as our brethren in the West have opened theirs. Let us only follow up the contest with this spirit, and the field is indisputably ours. *All honor to the gallant Missouri slave-holders! All honor to the bold and earnest Achison, who has led off this manly work!*"

Such is the encouragement lent to the band of scoundrels who entered Kansas, with intent to defraud the people, resident there, of their rights and who did, by force, so defraud them! Read, now, the following extract from a speech of that notorious scamp, Stringfellow, a few days before the election, made at St. Joseph—this same Stringfellow being now a member elect of the Legislature, chosen by fraud, and "at the point of the bowie-knife and revolver!"

"I tell you to mark every scoundrel among you that is the least tainted with free soilism or abolitionism, and exterminate him. Neither *give nor take quarter from* the d——d rascals. I propose to mark them in this house, and on the present occasion, so you may crush them out.—To those who have qualms of conscience as to violating laws, State or national, the time has come when such impositions must be disregarded, as your rights and property are in danger; and I advise you, one and all, to enter every election district in Kansas, in defiance of Reeder and his vile myrmidons, and vote at the point of the bowie-knife and revolver. Neither give nor take quarter, as our cause demands it. It is enough that the slaveholding interest wills it, from which there is no appeal. What right has Gov. Reeder to rule Missourians in Kansas?—His proclamation and prescribed oaths must be repudiated. It is your interest to do so. Mind that slavery is established where it is not prohibited."

Such is the character of one of the "gallant Missouri slave-holders," bespattered with praise by the Charleston *Mercury*, the organ of the chivalry of South Carolina; and such the natural consequence of the violation of the Missouri Compromise by Pierce and Douglas and their abettors.

Still—despite of all this bravado, and violence, and outrage, and, it may be, bloodshed, KANSAS MUST AND SHALL BE FREE. From all the free states, stout-hearted men are speeding along the various iron ways, and by the steamboat routes and pushing across the prairies with their household goods, to make them homes in the Territory and to become legal voters, and to vote for Freedom. When the next election comes, there will be a sufficient number of friends of Freedom in the Territory to take care of themselves. And, besides this, Kansas can never come into the Union as a Slave State, by consent of Congress. See if it does.

A SPECIFICATION.—The Madison *Democrat* having, with its accustomed effrontery, denied the charge of "favoritism" in the disbursements of the State Treasurer, the Appleton *Crescent*, a democratic paper, thus meets the denial with specifications of the charge:

The *Argus* cannot upset facts by mere denials. Those members of the State Legislature who voted to cover up the delinquencies in the School Land Bureau, &c., were paid; while those who, like P. H. Smith, Wakely, Loy, &c., &c., were determined to expose and put a stop to official corruption, were not paid. Does the *Argus* wish us to be more explicit? *Very many* County Treasurers sent on remittances due from their counties to the State—to their members, to be paid into the Treasurers office. Those members who were considered "all right," or rotten enough to sustain anything asked for, were allowed to deduct the amount of their per diem and mileage, and hand in the State Scrip in which they were paid. But the Assistant State Treasurer, who appears to be "boss and all hands" in the Department to which he is attached, utterly refused to permit anything of the kind to be done by those members who would not sacrifice oaths and integrity at the bidding of the Vultures!

RISE OF PROPERTY—SALES.—P. V. Brown a few days since, sold to A. F. Dady his house and lot on second street, for the sum of $2,000, and two lots on Third street to Dr. Sprakling for $900. This property Mr. Brown offered about the first of November last for $1600, the house and lot at $1000, and the two lots at $600.—Rise on $1600 worth of property $1,300, being 80 per cent in less than six months.—[Watertown Chronicle.

No small share of this rapid rise in the value of Watertown Real Estate is directly due to the Milwaukee and Watertown Rail Road, now rapidly approaching the latter point. Do our Watertown friends think that they have yet done their share towards bringing this road to their doors and extending it westward?

☞ Rev. Dr. Oncken, the Baptist Missionary in Germany, writes to the American and Foreign Bible Society, that he and his associates have circulated 81,000 copies of the Bible during the past year.

☞ There are about 2,500,000 children in the United States in attendance upon Sabbath Schools, and of this number 550,000 are under the care of the Methodist Episcopal Church. In the Baltimore conference about 44,000 children are every Sabbath instructed in this portion of the Church.

WELL DONE.—Most of the citizens of Chicago who acted as special policemen during the late riots have requested that the money due them shall be placed to the credit of Hunt, the policeman whose arm has been amputated.

☞ The Million Loan of the State of N. Carolina, the bids for which were opened in New York on the 16th inst., were taken at par, with a few lots at a small premium.

☞ The axe factory of the Collins Company, Collinsville, Conn., is the largest establishment of the kind in the world. They have the facilities for manufacturing 2500 axes and kindred tools a day, and employ several hundred men.

NEW YORK PUBLIC SCHOOLS.—The annual examination of the public schools of New York city has just been concluded. In these schools over 130,000 children are now receiving instruction.

GREEN BAY.—We learn from the passengers who left Green Bay, on Tuesday last, that the ice has all disappeared from that vicinity and that the Lake navigation was free and unobstructed.

☞ Orr, (*alias* "the Angel Gabriel") has got in trouble, at Greenock, Scotland. Sent to prison for sixty days. His *friends*, (2,000 strong) tried to rescue him, but did not succeed.

The late Contest for the Rifle Pits, before Sebastopol.

SEBASTOPOL—SANGUINARY BATTLES.

Since the date of previous advices, there has been a series of fierce sorties and assaults between the Russians and French, for possession of the rifle ambuscades in front of the French position and under the Malakoff tower. The rifle-pits, which have led to so considerable a sacrifice of life, are placed in front and to the right and left of the tower, and are about six hundred yards from the allied works. They are merely excavations in the ground, faced round with sand-bags, and banked with earth, loop-holed for rifles.—They are six in number, and each contains ten men—sixty in all.

Gen. Bosquet considers it a point of honor to take and hold or destroy these ambuscades. He has several times, by night assaults, driven out the Russians, but as the pits are covered by the fire of the city batteries, the French have hitherto found it impossible either to destroy or hold them. The importance of this position to both besiegers and besieged, is very great.

The Malakoff round tower is regarded as the key of the defenses, and hence the energy of the Russian in strengthening it. Considerably in advance of the tower is the elevated mound or hill now called the "mansion," on which the besieged are erecting a battery of great strength. A little further in advance is the eminence recently seized so skilfully by the Russians, and fortified with earth-works. It is now crowned by a square redoubt, with sixteen guns visible on its three outward sides, but they have not yet opened fire.—Outside these defenses are the rifle-pits. The Russian batteries at Inkermann, their forts on the other side of the Chernaya, and the works of Malakoff cover this redoubt, and converge on the approaches in front of it. This explanation will convey an idea of the strength of the position which the French nightly contest.

From the 13th to the 23d of March there had been almost constant series of bloody encounters, mostly at night. One of the most sanguinary occurred on the night of the 17th. At 6½ o'clock in the evening, the French, who had retired before the fire from the batteries, marched down to reoccupy the ambuscades, but found the Russians had anticipated them. A fierce conflict immediately commenced, but it was evident the Russians were in strong force, and the French were again and again borne back by the weight of fire. For four hours and a half they persevered in their attempts, and all that time a continuous roll of musketry rang out, broken only by brief pauses in the advance. In these lulls the British could distinctly hear the voices of the French officers cheering on their men—"*En avant, mes enfans!*" "*En avant, Zouaves!*" and the tramp of feet and the rush of men followed; then a roll of musketry was heard, diminishing in volume to rapid file-fighting—than a Russian cheer—then more musketry—a few dropping shots—and the voices of the officers once more. The Zouaves bore the brunt of the fight, and the action was somewhat peculiar, as artillery took no part in it. The British second, third, fourth, and light divisons were told off for action, and the entire British camp remained under arms until the French desisted from their attack, but as the gallant French make it a point of honor to take those pits without aid, no assistance was offered. The French were 5,000 strong, and they state their loss at 150 killed and wounded, beside a few prisoners.

MINERAL POINT RAIL ROAD COMPANY.—The President of this Company has recently returned from New York. He has made a contract which is entirely *satisfactory with the Illinois Central,* and Galena & Chicago R. R. Cos., for an extension of the time limited by the contract with those Companies for the completion of the Road, so that their guaranty of a *net income* of eight per cent. on the cost of the road is still secure to the Company, and will continue so if the road is finished by January 1857. The debt of the Company has also been extended until *March* of next year, and arrangements have been made by which all the outstanding bonds of the County and the Company can be taken up at a very low figure.

A proposition has also been made which will secure the completion of the Road during the present, if the Company can add to their available means $100,000 of Bonds of the Towns interested in the construction of the Road.—[Mineral Pt. Tribune.

PRAIRIE DU CHIEN EXPORTS.—The Warehouse at the landing is full of wheat, corn, oats, potatoes, &c., a lot of which will go below on the *Lyons*, in a day or two. The proposition to build this house was opposed by some, now it is conceded by all to be the best investment for the public benefit of any ever undertaken, in this place. The amount of produce to be shipped this year, and what has already *gone*, will exceed double that of last year. If it exceeds in proportion yearly, new warehouses will have to be erected. We hope to be able, at the close of navigation, to be able to chronicle the amount of exports, and imports, at this point, in dollars and cents, to do which, shippers and receivers will do well to keep an exact account of all passing through their hands. There is no surer indication of the prospect of our country than a correct exhibit in this respect.—[Courier.

JAIL OCCUPIED.—For the first time during the past five months, has the Iowa County Jail an occupant. On Sunday morning last a Mr. Fitzgerald, who had been tried, convicted and sentenced in LaFayette County, for the killing of a Mr. Ormond, at Shullsburg, was placed under the care of Deputy Sheriff Healy, for safe keeping, until he can be removed to Waupun, where he is to remain for four years, for the crime of manslaughter.

This is the first time for near six months that there has been a prisoner confined in Iowa county jail, and this one, it will be seen, is not a citizen of the county. We presume few counties in the State can say as much.—[Mineral Point Tribune.

OVERDONE.—The circular, issued from the Reporter office, on the eve of the judicial election, representing Judge Crawford as opposed to the Fugitive Slave Law, and as having given the strongest opinion in favor of Ryecraft and Booth, and appealing to the friends of freedom to support him at the polls, proved to be a little too big a dose for even the democracy to gulp down. We are advised that "it is true, and no joke," that in one of the towns of our county, some forty democrats voted for Cole, who, but for the circular, would have voted for Crawford, declaring that the document was "*a little too steep.*"—[Elkhorn Ind.

BUILDING.—The clatter of industry is heard throughout our village "from early dawn to dusky eve," and the number of buildings now in process of completion was never before equalled.—Quite a number of very respectable looking dwellings have just been erected on what is termed "Rose & Farrington's addition to the village of Beaver Dam." and new frames are being put in in every direction almost every day.—[Beaver Dam Rep.

☞ Some idea of the rapid settlement of this county may be seen in the transactions of the Register's office. We are informed by Mr. White, the County Register, that the business of the office is such that he has to employ three writers, and the business accumulates so that he will add the fourth immediately. Strangers are flocking in, and purchasing real estate continually. Before we are aware of it this will be considered an old settled country and its broad acres all under cultivation.—[Fond du Lac Freeman.

☞ The steamer Galena, than which no better boat ploughs the waters of this upper country, came up on Sunday last, crowded with passengers. She had over six hundred passengers on when she left Galena, and among them were *fifty-five* babies in the ladies' cabin. Old bachelors, we apprehend, kept the forward part of the boat. The War Eagle also came up Tuesday last with a crowd of passengers. A large number made La Crosse their stopping place. We think La Crosse gets her share.—[La Crosse Republican.

A BURGLAR SHOT.—A Beloit correspondent says that a young man of the name of Edward Palmer was shot dead about five miles west of that place, on the night of the 23d inst., while attempting a burglary in the house of one Martin. He entered Mr. Martin's sleeping apartment through the window. Mr. M. had a gun by his bed-side, and shot the intruder through the head. A pistol and instruments for forcing locks were found upon his person.—[Madison Journal.

BIG FISH.—On Friday last, Mr. Hiram Higley sold in this village 5 pickerel, that weighed 131 lbs. They were speared by him in Fox River, near here. The largest one weighed 37 lbs.—[Waukesha Plaindealer.

BIGGER.—Since writing the above, Mr. Levi Aldrich has shown us two pickerel caught by him—one weighing 44 lbs., and the other 37 lbs.—[Waukesha Plaindealer.

THE CROPS.—From all quarters, the most favorable and encouraging reports reach us concerning the crops now in the ground. As far as we can learn after frequent and diligent enquiry the wheat never looked fairer or gave promise of a greater yield in all this region of country. Large quantities were sown last fall, and farmers are busily engaged in preparing the ground for more, to be put in as soon as it is possible to do it.—[Watertown Democrat.

☞ Steamboats are now passing here at an average rate of—say half-a dozen a day. Every boat swarms with passengers and is loaded to the guards with freight. The number of strangers landed here is so great that we can hardly see any body that we know in the streets.—[Prairie du Chien Courier.

☞ A long train of freight cars left the Central Railroad depot for Chicago, yesterday morning, with seventy-two horses, wagons, and their owners. They belonged to people emigrating from the eastern States.—[Detroit Free Press.

POLICE COURT.—April 27.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

The case of the State vs. John Saragnow, for sureties to keep the peace was settled without a trial, and the costs paid.

A boy named Jacob Maufel, plead guilty to an assault and battery upon William Kleffler on the 26th April. The parties were both employed in Birchard's furniture establishment and some words took place; the defendant was irritated and struck the complainant. He expressed sorrow; it was the first time he'd had any difficulty with the complainant or any body else. The Court fined him $5,00, adding the usual remark, "it is the lowest fine I can inflict;" the fine and costs amounted to $6,68. In this case we have no doubt had the power been in the *discretion of* the court to inflict what fine he thought the justice *of the case required.* he would have so inflicted the fine that costs and all would have *amounted to perhaps* $3,00; ample punishment for the trivial offense committed; but the hands of a Magistrate of unlimited experience are tied; he cannot fine less than $5,00. In no other city in the Union does this state of things exist; elsewhere, a magistrate is permitted, as permitted he should be, to use a sound discretion in the amount of fine inflicted from $1 to $50.

Two men named Thomas Hanley and P. H. Leonard, were brought down from jail by Constable Ryan, to be tried for breaking windows in the New York House, East Water st., on Thursday night. On application of the defendants the case was adjourned to this morning at 9 o'clock.

Arrest for Larceny—Recovery of $800 of the Stolen Money.

A young man, named George Bryant, was arrested on Thursday by under Sheriff BECK, for stealing money from his employer, Samuel Morse, on the corner of Spring and West Water Streets. Bryant had been clerk for Morse for four years, and until lately, without the slightest suspicion against his honesty. Mr. Morse became satisfied that he was robbed by some person, but by whom he could not tell. He applied to officer Beck, who at once told him he could detect the thief if his directions should be followed, and at the same time intimated, his suspicions against Bryant, from his expensive manner of living.

The plan of the officer was followed, the thief detected, and the stolen money found upon his person. Since his arrest he has acknowledged stealing from $1,700 to $2,000. The officer recovered $796, which Bryant admits to belong to his employers, a certificate of deposit of $500 in the W. M. & F. Ins. Bank, $200 at the prisoner's house, and between $70 and $80 on his person. In addition to this, the prisoner has purchased a *farm in* the Town of *Menomonee* for $800, which is not quite paid for. He confesses to all, and is willing to give all back and seems to conceal nothing; he is a married man with one child.

Here is another case of fast living, drinking and swelling about the streets on money stolen from employers. This young man is caught but there may be many in this city who are equally as guilty and who unless reformation takes place will yet be in like disgraceful situation. No one conversant with human nature and possessed of ordinary powers of observation but can see in an hour's walk in an evening the the hundreds of dollars spent by mere boys in this city every night, are the stolen proceeds of the tills of their employers. For how else can young men, or boys, spend one, two, and three dollars per night, when their salary is but $1,50 per day?

It seems that this young man has abstracted on some days $15, and on other days $20, from the till of his employer—but from the time he has been in the employ of Mr. Morse, he must have stolen at the rate of one dollar and fifty cents *every day for four years to make up the amount* he has confessed to have stolen. An incident of this kind furnishes the key to many a merchant's bankruptcy and failure.

City Improvements—New Buildings.

We were much interested yesterday in examining in the office of MYGATT & SCHMIDTNER Achitects, the plans of numerous stores and dwellings for superior class, which are to be erected this season. Some of them are already well on towards completion, and we shall have occasion soon to notice others for which plans are not yet drawn. Among those which we saw are the following:

A Dwelling house for D. NEWHALL, to be erected at the corner of Division and Cass Sts. The main portion of the building is about 50 ft square, three stories in height, of a very tasteful *style of architecture, built of the white stone from* Joliet, Ill., at a cost of $20,000.

A dwelling-house for J. LOCKWOOD, to be built on a beautiful site at the North Point, overlooking the bay and city; materials brick and iron, and to cost $20,000.

A dwelling house for G. W. PECKHAM, on Cass St., between Division and Martin Sts, 28 by 61 ft, at a cost of $6000.

A dwelling house for W. B. HIBBARD, on Oneida St., we believe, of handsome style, at $8000.

Two stores, on East Water St. 38 by 100 feet and 4 stories high, front of Joliet stone, to cost $10,000.

A store for J. & J. L. BURNHAM, near the corner of East Water and Buffalo sts, 20 by 125 feet and four stories high, of brick and iron, to cost $5,000. A store for ATHEARN & Co., next to the last mentioned, and of the same dimensions and materials, to cost $7000.

A store for SEXTON & BRO., East Water St. next below *Nazro's*, 20 by 100 ft. 4 stories, marble front, to cost $6000.

Two stores for SCHWARTING & HILGEN, on Market Square, 40 by 80 ft. marble front, to cost $10,000.

An addition to Concert Hall, Spring St. presenting a handsome front towards the east, to cost $3000.

Also two stores, nearly completed, for Messers SHOYER and SILEMAN, East Water St., costing $6000 each.

This is the present "stock in hand" at the office of one firm of architects. In addition, we hear of many other buildings going up in various directions, but cannot speak positively as to their dimensions or cost.

We again invite the attention of architects and those who are about to build, and particularly those who expect to send in proposals for the U. S. Custom House, the plans of which will be here soon, to the Green Bay stone which we mentioned recently. We hope that some large samples of it will be received in the city shortly; meantime Mr. MYGATT will give information in relation to it. It certainly is a much finer and more beautiful stone than either the Madison or Joliet stone, and ought to be afforded cheaper than either of them. from the ease with which it can be obtained at the quarry.

THE PANORAMA.—To-day there are two exhibitions of the Panorama, in the afternoon and evening. We are requested to say that Arthur McKnight will address the scholars of the Public Schools who may be present, during the interval of shifting of the scenes.

We are sure that we are doing every one of our readers a favor when we recommend that they do not allow this fine painting to be taken away from this city without their seeing it. Its views of the harbors,—beautiful marine scenery—its sail up the river Mersey and view of Liverpool—its smooth gliding down the Thames, beneath the arches of the bridges, with views of the magnificent buildings which line its banks—and the sunlight, moonlight, and festal lighted voyage up and down *the Rhine—comprise* a series of pictures of that which not one in a thousand of us *will see in reality.*

THE COASTING TRADE.—The coasting trade between this city and Chicago is increasing very rapidly, and several tight little schooners are making a harvest of it. They take from here potatoes, barley malt, brick, lime &c., and return with sugar, molasses, oil and merchandize which arrives at Chicago by railroad and canal for our merchants.

The schooner *John Lillie* took on yesterday for Chicago 2000 bus potatoes, 560 sacks barley malt, and 1200 staves.

BOARD OF TRADE.—A special meeting of the Board of Trade will be held at their rooms in Furlong's Block to-day at 12 o'clock M. Business of importance will be brought before the meeting. Punctual attendance is requested.

ARREST.—Two young fellows, were arrested on Thursday night and taken to jail by Constable Ryan, for breaking the windows of the New York House, on East Water Street.

Two men were also arrested by the same officer, charged as vagrants.

☞ MR. JOHN C. VAUGHN, the accomplished editor of the Cleveland *Leader*, arrived in our city *yesterday afternoon*, and took *lodging* at the Walker House.

REAL ESTATE SALE.—Mr. Quentin sold yesterday lot 2, block 198, Rogers' Addition, First Ward, for the sum of $4,500.

Meeting of the Journeymen Carpenters.

A meeting was held on Wednesday evening, April 25th, pursuant to a call posted up on Monday evening, inviting the Journeymen Carpenters of the City of Milwaukee to convene at the Hall of Best & Co., in order to devise plans for increasing the rates of wages—the present wages being considered inadequate to the increased cost of living. The meeting being called to order, Mr. T. B. KEMP was unanimously chosen President, and C. G. AYRES was appointed Secretary.

A motion was made and seconded that a committee of five or more be appointed by the Chair to draft proper Resolutions for the meeting; whereupon the Chair appointed Messrs. Bates, Davis, Webster, McCollock, Hargreaves, Wiley, Anderson and Juneau, said Committee.—After a short recess the Committee reported the following Resolutions:

Resolved, That an increase of 25 cents per *day over last year's wages* be demanded—the standing wages of last year for average mechanics being 13 shillings per day—thus making the wages of this year 15 shillings per day.

Resolved, That this Resolution take effect on Monday, the 30th of April, 1855.

Resolved, That these Resolutions be adopted by all the carpenters of the city.

Resolved, That the proceedings of this meeting be published in the daily papers of the city.

A collection was then taken up to defray expenses, and the meeting adjourned *sine die*.

T. B. KEMP, Ch'n.
C. G. AYRES, Sec'y.

A Nuisance to be Abated.

MESSRS. EDITORS:—Can you or any one inform the public, what we must do to protect our gardens during the season from the ravages of street swine? They infest every part of the city, and are a nuisance much more to be dreaded than hogs. No gate can keep the *regularly trained* hog out of your yard, "for when deep sleep falleth on men" the hog worries at your gate, with untiring assiduity, and skill enough almost to pick a *lock*, and generally *succeeds* in forcing an entrance. You can imagine the rest; sweet corn in the silk and other delicacies pay well for the feat. Why have we not a public pound for all street grunters? Can any one answer?

PRO BONO PUBLICO.

ADVANTAGES OF BEING DRUNK.—A gentleman who arrived in town last night from the West, informed us, that as the afternoon train of the Mil. and Miss. R. R. was going West, and when about midway between North Prairie and Eagle Stations, the Engineer observed a man lying on the middle of the track, but not in time to stop the train. The cow-catcher caught the man—a German—who was dead drunk, and threw him several feet on one side of the track. On the Engineer going to him he was found un*injured*, was taken to Eagle and laid on the platform of the station, where he was left. Our informant tells us that the man says—"Barstow he goot fellow."

☞ The *True American* is the title of a new paper of the Know-Nothing stripe that has just apeared in this place, published by J. A. Somerby & Co. It is the first of the kind in the State, we believe; and we doubt very much whether public sentiment here warrants the establishment of such a paper. Wisconsin has now the the reputation of the freest, and most liberal State perhaps in the Union. Know-Nothingism is proscriptive and intolerent. It is adverse to freedom of thought and opinion, and we do not think the people of Wisconsin will countenance anything of the kind. We shall see.—[Madison Journal.

The *True American* has reached us. It is good looking, but we think the proprietors have mistaken the feeling of the people of Wisconsin. It is true and faithful Republicanism, not jesuitism or religious proscrition, that they want, just now.

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, April 28, 1855.

RECEIVED BY M. & M. RAILROAD, APRIL 28TH—310 bbls flour, 596 bus wheat, 700 do oats, 105 do corn, 90 do barley, 2 bbls eggs.

BY M. & W. R. R.—79 bbls flour, 307 bus wheat, 270 do potatoes, 42 do rye, 6 do beans, 5 bbls eggs, 200 lbs hides, 10 bbls oil, 2 bales hops.

Quiet market yesterday, but prices pretty well maintained. We notice a sale of 2000 bbls No. 1 flour, at $8,75, showing a feeling somewhat in favor of buyers.

Wheat sold in small parcels at $1,58@1,63 for Spring and $1,69@1,75 for fair to choice Winter.

Barley $1,02@1,05.
Rye 91@95.
Oats 50@55.
Corn 62@64.
Potatoes 60@65. Shipped, about 2000 bus.

FREIGHTS.—Propeller *Queen of the Lakes* is taking on, at Layton & Plankinton's, 1400 bbls pork for Buffalo, at $12 ℔ ton. She takes *a full cargo here.* Propeller *Nile* takes on 500 bbls flour at Nichols & Britt's, besides some lots at other houses, and 1300 bbls at Port Washington.—Propeller *Ogdensburg* takes a full cargo of flour and provisions for Ogdensburg, contracted through to Boston at 1,40 for flour, and $15 ℔ ton for pork.

SCARCITY OF CORN IN KENTUCKY.—So much inconvenience, if not absolute suffering, is experienced in certain portions of Kentucky, in consequence of the scarcity of corn, that steps have been taken by the authorities of some counties to mitigate the evil. The Madison *Courier* of a recent date says:

"The county authorities of Carroll and Trimble, in Kentucky, have sent agents out to purchase corn, which is to be sold at cost, to persons able to pay for it, and on credit to those who are unable to pay now. Trimble county has two depots on the river, one at Garrett's landing, the other at Milton. Yesterday five hundred bushels, the first arrival, was divided out in lots, none to exceed fifteen bushels to one person. The scene yesterday at Milton was lively, the town being crowded with people."

POTATOES FROM NOVA SCOTIA.—Fifty thousand bushels of potatoes are on their way to the New York market from Nova Scotia, under the reciprocity law. The crop of potatoes in Nova Scotia last year was very large. Free trade has within a few weeks opened this market to consumers, and the chances are that a liberal supply will come forward, under the present high prices.

From the St. Louis Republican, April 24th.

COMMERCIAL.

Advices from New Orleans of the 19th and 20th are the latest received. The first dispatch quotes corn at 95c, oats 60c; superfine flour, $10 25, ribbed sides 9c. The last, fair sugars at 5¾, coffee 10½ to 10¾, Rice 7c. Future prices will likely show an advance of 1 4 to 1-2c. It is generally conceded that much higher rates are likely to rule before the close of the season.

Receipts of grain and other products during Sunday and yesterday were heavy. On Sunday 6551 sks wheat, 14,268 do corn, 8,375 do oats, 818 bbls flour, 419 do whisky 485 casks bacon, 670 bbls pork, 842 tcs lard, and 677 bbls and 87 kegs do. Yesterday, the steamer St. Croix arrived from the Illinois, with thirteen barges in tow, bringing 14,500 bushels and 1360 sks of wheat, 30,704 bushels and 610 sks corn, 6000 bushels and 5100 sks oats, 450 bushels beans, and 3 tons hides, besides an immense amount of lumber—these boats were from Chicago, Peoria and Lacon.

Flour—transactions continue limited. City manufacturers have still heavy contracts to meet, some as low as $7,62½ per bbl. They have, however, the grain at sufficiently low prices, contracted for at an early day, not only to insure them against loss, but to present a very remunerative profit. We noticed yesterday a sale of 1000 bbls city superfine (Myrtle Street,) at $9, deliverable in ten and fifteen days.—Small lots of country superfine at $9 to $9,25, and extra $10,25. The New Orleans market *for breadstuffs* appears to be most admirably sustained.

On 'Change yesterday the range of wheat was as follows:—Spring 160 to 162½c, spring and fall Mixed 165 to to 170c, fall 167½ to 222c, the first inferior, the last for prime; fair to good lots brought 180 to 210c. Several lots were taken by outsiders, showing that a demand still *exists from abroad,* and this *market is relied upon,* to a considerable extent, for the necessary supply. It is hardly probable the deficiency will prove as great as many, not a great while ago, anticipated. So far, receipts can well compare with former years.

About the middle of last week freights were considerable enhanced, and on no article was this enhancement more depressing than that of corn. The advance covered the entire margin exhibited by the quotations of this and the New Orleans market, and shippers, as a matter of course, stood off. Yesterday the market revived, however, and our report shows operations to the amount of 10,000 to 12,000 sks. The ruling figures were 76c for mixed and yellow, with some 2,000 to 3,000 sacks at from 77 to 80c, yellow to white. Oats range from 53 to 55, according to the quality of sacks.

A better supply of bacon than usual threw a slight dullness over the market on yesterday. The principal transactions, (130 casks) was on private terms. We quote shoulders at 6½ to 6¾c, clear side 9¼c., ribbed 7¾ to 8c., plain hams 8 to 8½c. Prime lard, at points above, held at 9c. In bulk pork we have a lot of 1,863 prime shoulders, from Levee, at 5½c., and 1,272 hams, long trimmed, at 7½c—mess pork hardly as buoyant, and small lots disposed of at $15,75 and $16.

Minor articles continue at the closing rates of the past week. Hay at $1,75 to $1,80 per 100 lbs., with improved receipts—white beans $3, and potatoes $1,50 per bushel.

The New Orleans *Delta*, of the 17th, gives the following interesting item of commercial news:

"Yesterday was, perhaps, the *most active day* in Western produce that has been noticed in our commercial records this season. As a sample, we may mention that some 45,000 bushels of corn were sold on the Levee, chiefly at $1 per bushel; nearly 4 000 bbls mess pork at $16 to $16,50 per bbl; 550,000 lbs bulk meat at 7¼c. for hog round, and 4,500 kegs choice lard (in one lot) at 11¼c per lb.

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market-st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs be ame much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis Mrs. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females with obstructions in their health entering into womanhood.

The advantages offered by this Company are many, and the public are invited to call on the Agent and make themselves acquainted with the System adopted by the Company, that they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure

The many reasons why Fire and Marine Insurance should be employed are incontrovertible and Life Insurance while it in no way interferes with, or undervalues these important institutions has claims which no other system of insurance can have Human existence must on consideration enjoy a much higher estimate than worldly property

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt) he supports his family, but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which [illegible] diminished his own worldly comfort during life

If young [illegible] payment will be light, and if insured with [illegible] policy will be constantly growing more valuable though the premium is not increased

Clergymen and others who have a stated and regular income should insure well knowing that at their death their families [illegible] left destitute,

Men engaged in mercantile or manufacturing pursuits every day [illegible] in their issues, *should insure*

The farmer who has still a mortgage on his farm, *should* insure at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

Lots in Sherman's Addition
FOR SALE.

THE FOLLOWING LOTS IN SHERMAN'S ADDITION, for sale The titles to all these Lots are good The difficulty concerning the title of said Lots has been removed by a decision of the United States Court, therefore there will be no more question about the title

Now for another fact —A more beautiful prospect can not be found than Sherman's Addition You have a full view of the City and Lake, for health it is not to be surpassed, the soil is rich, and I see no reason why property in Sherman's Addition should not command as good prices as in the First Ward and it will if only a few individuals will commence and build fine houses I, for one will sell my present premises, and would agree to build in Sherman's Addition, Second Ward

The foregoing Lots are sold to close up the estate of our late friend HOLLIDAY

RAILROAD ACCIDENT —As the Tuesday evening passenger train from Milwaukee, was crossing the bridge, at the entrance of our village, a German was discovered on the opposite end, hurrying to get across He was too late, and either fell or was thrown by the cars from the abutment at the end of the bridge into the water beneath, a distance of 10 or 12 feet He did not appear to be seriously injured at first—but we learn that he received an internal injury, from the effect of which he died this morning We have not learned his name —[Whitewater Gazette.

Don't say O pshaw, it is only three cents—he 'can pay it" It is just as much imposition as though the sum were ten times as large, and no man has a right to ask another to pay the postage upon a letter written entirely for the applicant's benefit Make it a rule to answer no letter that does not contain a stamp, and writers will soon learn their duty

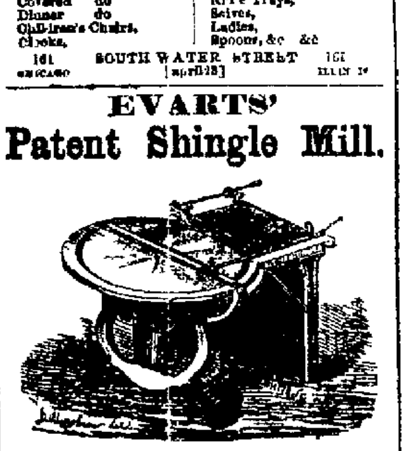
EVARTS'
Patent Shingle Mill.



EVARTS & BUTLER,
PROPRIETORS AND MANUFACTURERS,
CHICAGO, ILLINOIS

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood

The ease with which wood is worked in that direction gives it speed of execution, and the flexibility of the shingle width wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood

The shingles now made with this mill sell in this market *seventy-five cents per thousand higher* than any other sawed shingles

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

PROCLAMATION
To the Sick.

BRING hither "the poor the halt, the lame and the blind, if you would have them healed of their maladies [illegible] We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any one who is afflicted with this most painful complaint try it thoroughly according to directions, and if they are not cured we will give them their money back What more can we say It will also cure the Piles The most stubborn cases have tried it—and all were cured Bruises, Sprains, Sores, Eruptions fade away as if touched with the magician's wand. Its application to Burns or Scalds acts like "oil upon troubled waters." The tempest of pain and agony is soon stilled, and the patient is lulled to quiet and peaceful slumbers "There is a balm for every wound and that balm is the Mustang Liniment. Everybody that sells medicine keeps it for sale "Hold your horses" and if they are chapped, galled or sprained, use the Mustang Liniment In a word it is

RELIABLE EVIDENCE.

BLOOMFIELD, Mo , January 15, 185[illegible]

Messrs A G Bragg & Co.,

DEAR SIRS, Allow me to add my testimony to the excellent properties of your Mustang Liniment in all cases of burns or scalds I had a son badly burned on the face and hands by powder It was expected that he would be badly scarred for life We applied the Mustang with raw cotton, and no thing else, and in ten days it was entirely well and left no scar, or mark whatever My wife used it in a case of scald from boiling-hot tallow and it had the same good effect

Yours, truly, D D MILLER, County Judge

RUSSELL COUNTY, Ala , Feb 1, 1852

For the benefit of the afflicted, I feel it my duty to state publicly the remarkable cures that have been effected in my family by the use of the Mustang Liniment A negress of mine had what is called a Bone Felon or Whitlow on her finger This Inflammation had been so extensive, that the whole finger had become a mass of corruption, and the only hope of saving her hand and perhaps her life, appeared to be to have it cut off As her general health was very delicate, the Physician advised me to try the Mustang Liniment a few days, till she could be sent to a surgeon in Columbus as it could do no harm and might prevent mortification To the astonishment of the doctor and myself, the pain soon ceased, the inflammation subsided, and the wound rapidly healed The finger is perfectly well and sound One of my boys was severely burned, the skin was entirely taken off from the knee to the ancle The Mustang Liniment was freely applied, and no thing else was used The relief and cure were almost beyond belief, but a short time elapsed before the wounds were perfectly healed I consider it an invaluable remedy, and it should be in every family and on every plantation JAMES PHILIPS.

NOTHING NEW—BUT EVER TRUE.—It would be nothing new to say that the Mustang Liniment had been and was now more used in the United States than any other preparation But it would be true to say that it has been more uniformly successful in healing wounds, bruises burns cuts, and all manner of sores; as well as piles, erysipelas, pains or lameness in the back, side or limbs, than rheumatism, any other remedy These are facts that millions of persons know from having used it We say millions, and base the assertion on the fact that over fifteen millions of bottles have been used and never heard a complaint against it, where it has been used as directed and used thoroughly We deem it necessary occasionally to remind the people of these facts to induce those to try it who may never have had an occasion to use it One trial is all we ask the most incredulous—and such a trial will only cost 25 cents

PRICES.—It is put up in bottles of all sizes, and retail at 25 cents, 50 cents, and $1 per bottle The fifty cent and one dollar bottles contain three times as much as the twenty five cent size in proportion to their cost The large bottles are the cheapest

RHODES'
FEVER AND AGUE CURE,
OR,
Nature's Infallible Specific.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath is the same in character wherever it exists, North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another Chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Billious or Ague diseases, such as general debility, night sweats, &c The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected

Finally, its use will banish Fever and Ague from families and all classes Farmers and all laboring men by adopting it as a preventative will be free from Ague or Billious attacks in that season of the year which while it is the most sickly, is the most valuable one to them

One or two bottles will answer for ordinary cases, some may require more

Directions printed in German, French and Spanish, accompany each bottle.

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country

RAILROAD ACCIDENT—As the Tuesday evening passenger train from Milwaukee, was crossing the bridge, at the entrance of our village, a German was discovered on the opposite end, hurrying to get across He was too late, and either fell or was thrown by the cars from the abutment at the end of the bridge into the water beneath, a distance of 10 or 12 feet He did not appear to be seriously injured at first—but we learn that he received no internal injury, from the effect of which he died this morning We have not learned his name —[Whitewater Gazette.

THE PORT OF MILWAUKEE—The establishment of a new line of steamboats between this port and ports on the Canada side has made the services of an additional inspector necessary there, and the collector has appointed Mr James Rice to that position —[Washington Star

SERIOUS ACCIDENT—The train which left here at 9 o'clock A. M., on Tuesday, on the Rock Island road, when about a mile and a half the other side of Peru, ran of the track, throwing the Post Master's car, and one passenger car full of passengers down an embankment some fifteen or twenty feet high, smashing both cars to pieces.—Most miraculously no lives were lost, though many of the passengers were severely bruised—One man who fell upon one of the wheels of the car, is so badly injured in the breast as to make his recovery doubtful Dr Donsenbery of this city, was severely injured in the head and face and on one arm Many other passengers were more or less injured.—[Chicago Tribune.

PAY YOUR POSTAGE—Let the decree go forth that no man who writes a letter of inquiry to another, shall have an answer, unless his letter incloses a postage-stamp for a reply

Don't say "O pshaw, it is only three cents—he can pay it" It is just as much imposition as though the sum were ten times as large, and no man has a right to ask another to pay the postage upon a letter written entirely for the applicant's benefit Make it a rule to answer no letter that does not contain a stamp, and writers will soon learn their duty

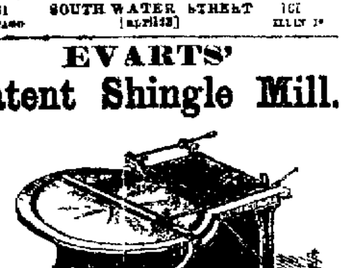
EVARTS'

Patent Shingle Mill.



EVARTS & BUTLER,

PROPRIETORS AND MANUFACTURERS,

CHICAGO, ILLINOIS

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood

The ease with which wood is worked in that direction gives it speed of execution, and the flexibility of the shingle width wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood

The shingles now made with this mill sell in this market *seventy-five cents per thousand higher* than any other sawed shingles

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

PROCLAMATION

To the Sick.

BRING hither "the poor the halt, the lame and the blind," if you would have them healed of their many infirmities We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any one who is afflicted with that most painful [illegible] thoroughly according to directions, and if it is not cured we will give them their money back What more can we say It will also cure the Piles The most skeptical tried it—and all were cured Bruises, Sprains, Sores, Eruptions fade away as if touched with the magician's wand. Its application to Burns or Scalds acts like "oil upon troubled waters." The tempest of pain and agony is soon allayed, and the patient is lulled to quiet and peaceful slumbers "There is a balm for every wound and that balm is the Mustang Liniment. Everybody that sells medicine keeps it for sale "Hold your horses" and if they are chipped, galled or sprained, use the Mustang Liniment In a word it is

RELIABLE EVIDENCE.

BLOOMFIELD, Mo., January 15, 1855

Messrs A. G. Bragg & Co.,

DEAR SIRS, Allow me to add my testimony to the excellent properties of your Mustang Liniment in all cases of burns or scalds I had a son badly burned on his face and hands by powder It was expected that he would be badly scarred for life We applied the Mustang with raw cotton, and no thing else, and in ten days it was entirely well and left no scar, or mark whatever My wife used it in a case of scald from boiling-hot tallow and it had the same good effect

Yours, truly, D. B. MILLER, County Judge

—o—

RUSSELL COUNTY, Ala., Feb. 1, 1853

For the benefit of the afflicted, I feel it my duty to state publicly the remarkable cures that have been effected in my family by the use of the Mustang Liniment A negress of mine had what is called a Bone Felon or Whitlow on her finger This inflammation had been so extensive, that the whole finger had become a mass of corruption, and the only hope of saving her hand and perhaps her life, appeared to be to have it cut off As her general health was very delicate, the Physician advised us to try the Mustang Liniment a few days, till she could be sent to a surgeon in Columbus as it could do no harm and might prevent mortification To the astonishment of herself and myself, the pain soon ceased, the inflammation subsided, and the wound rapidly healed The finger is perfectly well and sound One of my boys was severely burned, the skin was entirely taken off from the knee to the ankle The Mustang Liniment was freely applied, and no thing else was used The relief and cure were almost beyond belief, but a short time elapsed before the wounds were perfectly healed I consider it an invaluable remedy, and it should be in every family and on every plantation JAMES PHILIPS

NOTHING NEW—BUT EVER TRUE.—It would be nothing new to say that the Mustang Liniment had been and was now more used in the United States than any other preparation But it would be true to say that it has been more uniformly successful in healing wounds, bruises burns cuts, and all manner of sores, as well as piles, cry spelas, pains or lameness in the back, side or limbs, than rheumatism, any other remedy These are facts that millions of persons know from having used it We say millions, and base the assertion on the fact that over fifteen millions of bottles have been used and never heard a complaint against it, where it has been used as directed and used thoroughly We deem it necessary occasionally to remind the people of these facts to induce those to try it who may never have had an occasion to use it One trial is all we ask the most incredulous—and such a trial will only cost 25 cents

PRICES.—It is put up in bottles of all sizes, and retail at 25 cents, 50 cents, and $1 per bottle The fifty cent and one dollar bottles contain three times as much as the twenty five cent size in proportion to their cost The large bottles are the cheapest

RHODES'

FEVER AND AGUE CURE,

OR,

Nature's Infallible Specific.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath is the same in character wherever it exists, North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not subject one for one disease others still worse, as is too often the result in the treatment by Quinine Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another Chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected

Finally, its use will banish Fever and Ague from families and all classes Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which while it is the most sickly, is the most valuable one to them

One or two bottles will answer for ordinary cases, some may require more

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar Liberal discounts made to the trade

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country

AMERICAN ACTION PIANO FORTES,

From the illustrious Pianist, L M GOTTSCHALK, to Mr Hews, Agent at New York
NEW YORK, Dec 5, 1842

MR N J CURTISS—
Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public I am very glad of the improvement in the action These instruments likewise are of excellent tone, owing, no doubt to the perfection of the scales.
Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON

QUEEN'S PATENT

PORTABLE
FORGE
AND
BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe

There are six sizes of Blacksmiths, Coppersmiths, &c Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U S Army and Navy For sale by

CHERRY PECTORAL,

or the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life— increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements

Office of Transportation, Laurens R R, S C, Aug 4, '53.
DR J C AYER Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the deepest gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world
I am yours with great respect
J D POWELL, Supt Trans, L R R

Rocky Hill, Somerset Co, N J, July 31, 1852
DR J C AYER —Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me
Yours, with respect, JOHN C WHITLOCK
P S.—Almost any number of certificates can be sent you if you wish it

Windsor, C W, June 26, 1855
DR J C AYER—Sir This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous affection of the lungs and I do not overstate my convictions when I tell you it is a priceless remedy
Yours very respectfully,
D A McCLURE, Attorney at Law

Wilkesbarre, Pa, Sep 28, 1850
DR J C AYER—My dear Sir —Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians I am your friend,

AMERICAN ACTION PIANO FORTES,

Manufactured by George Hews, of Boston, Mass

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession residents at Boston and elsewhere, among which are the following

From the Illustrious Pianist, L M Gottschalk, to Mr Hews, Agent at New York

NEW YORK, Dec 5, 1842

Mr N J CURTISS —

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public I am very glad of the improvement in the action These instruments likewise are of excellent tone, owing, no doubt to the perfection of the scales.

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, William Mason

Mr Hews —Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, [illegible] purity and equality of tone, I have never seen them surpassed in the square Piano Forte

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe

There are six sizes of Blacksmiths, Coppersmiths, &c Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U S Army and Navy For sale by

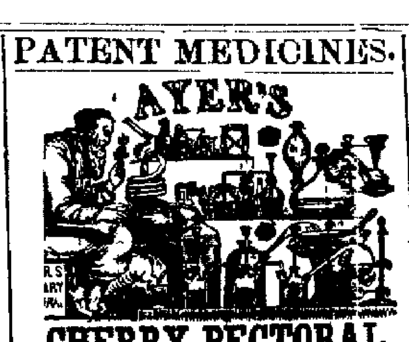
PATENT MEDICINES.



CHERRY PECTORAL,

or the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements

Office of Transportation, Laurens R R, S C, Aug 4, '53.

Dr J C Ayer Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child Having used your Cherry Pectoral, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the deepest gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world

I am yours with great respect

J D POWELL, Supt Trans, L R R

Rocky Hill, Somerset Co, N J, July 31, 1852

Dr J C Ayer —Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me

Yours, with respect, JOHN C WHITLOCK

P S.—Almost any number of certificates can be sent you if you wish it

Windsor, C W, June 26, 1855

Dr J C Ayer—Sir This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous affection of the lungs and I do not overstate my convictions when I tell you it is a priceless remedy

Yours very respectfully,

D A McCLURE, Attorney at Law

Wilkesbarre, Pa, Sep 28, 1850

Dr J C Ayer—My dear Sir —Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians I am your friend,
